I ain't saying we're the same, we was coming from a different view, mm  
I'm just tryna be your sun, no shade (No shade)  
Pardon me, I ain't got your name (Your name)  
I'm sorry, I ain't from here, but I know that you different too, hmm

This one you won't find, darling, anywhere  
A unicorn, she ain't like your average girl, ooh

I met her on a Monday  
I should've known she ain't like the rest  
Her definition of a fun day  
Is writing poetry in bed  
You won't find her on the runway  
Not because she ain't beautiful  
In a world that wants it all, well, she's got her own

It ain't regular to find a special woman that can pick my mind  
By the choices of your words, I really know that you won't waste my time  
My time, my, my
