

Light Work

Elmiene

I need you, oh, I need you
I need you, oh, I need you
I need you, oh, I need you
I need you, oh, I need you

Ain't it funny how things change? (Change)
All of a sudden we on the same page
Before you came I thought I drained my luck
Now you've redefined the way I smile
Oh, you came to me
Believe me, girl, you're majestic
I'll try convince you I meant it
So trust and believe
Whatever you need
Multiply by three, ayy-ayy
Baby, ayy
And I can't give you up

It's light work, baby
Light work, baby (I need you, oh, I need you)
(There's nothing heavy 'bout this love, girl, it's light for me)
It's light work, baby
Light work, baby (I need you, oh, I need you)
(There's nothing heavy 'bout this love, girl, it's light for me)
It's light work, baby
Light work, baby
Baby, uh
(And I can't give you up)
Hold on, bae

Had a dream that frightened me
I'd be fine if I'd forget
The workings of your mind
My time would be so free
But I'd be a word half complete
Define me please
I'm yours all yours
(And I can't give you up)

It's light work, baby
Light work, baby (I need you, oh, I need you)
(There's nothing heavy 'bout this love, girl, it's light for me)
It's light work, baby
Light work, baby (I need you, oh, I need you), oh
(There's nothing heavy 'bout this love, girl, it's light for me)
It's light work, baby
Light work, baby, ooh
(And I can't give you up)

I know a world without your love
Before your touch
Could I live for that? I won't
And even if my time was up
The angels come
I would stand and tell them no
Oh, believe me, girl, you're majestic
I'll try convince you I meant it

So trust and believe
Whatever you need
Multiply by three, ayy
Baby, ayy
And I can't give you up

It's light work, baby
Light work, baby (I need you, oh, I need you), yeah
(There's nothing heavy 'bout this love, girl, it's light for me)
It's light work, baby
Light work, baby (I need you, oh, I need you)
(There's nothing heavy 'bout this love, girl, it's light for me)
It's light work, baby
Light work, baby, oh
(And I can't give you up)
