

# Marking My Time

Elmiene

Hm-hm, hm-hm, mm  
Mm, mm-mm, mm

Send me the prayer I'm missing  
Because I need the sign  
And even though I'm listening, mm  
It's gonna take awhile

Wanna set my soul on fire  
Get me out this hole, I'm tired  
Wanna set my soul on fire  
Get me out this hole, I'm tired  
Wanna set my soul on fire  
Free me from this world I've found so frail  
Wanna set my soul on fire  
Free me from this world I've found so frail  
Wanna set my soul on fire  
Get me out this hole, too tired to stand  
Wanna set my  
Wanna set my  
Wanna set my  
Oh-oh, I

Oh, I've been, oh, I've been unfine  
Blunt knives on my side  
That is our reality  
Holding my breath  
I've been dying  
Obeying all my life  
That is our reality, hmm, hmm  
Yeah, yeah

Now every line I question  
Am I afraid to be  
Someone who learned a lesson  
Amongst the evergreens?  
Mm-mm, oh-oh, oh

Wanna set my soul on fire  
Free me from this world I've found so frail  
Wanna set my soul on fire  
Free me from this world I've found so frail  
Wanna set my soul on fire  
Get me out this hole, too tired to stand  
Wanna set my  
Wanna set my  
Wanna set my  
Oh-oh

I've been, oh, I've been unfine  
Blunt knives on my side  
That is our reality  
Holding my breath  
I've been dying  
Obeying all my life  
That is our reality

'Cause I, I've lied  
I've tried  
I've loved  
I've lived  
I've died  
I will survive  
I've, I've lied  
I've tried  
I've loved  
I've lived  
I've died  
I will survive  
Oh, baby  
Marking my time on  
Feeling my own skin crawl  
Marking my time on  
My own advice is killing me  
My own advice is eating me  
Now  
Send me the prayer I'm missing  
Am I amongst the living?  
Am I afraid to be?

Wanna set my soul on fire  
Get me out this hole, I'm tired
