

# Bleeding Heart

Elmore James

People, people, people  
You know what it mean to be left alone  
People, people, people  
You know what it mean to be left alone  
No letter today  
Not even a call on my telephone

Understandin' and a little lovin'  
A little lovin' all in the world I need  
Understandin' and a little lovin', baby  
A little lovin' all in the world I need  
Misunderstandin' and a no good woman  
They both have caused my heart to bleed

Every morning  
The willow weeping moan for me  
Every morning  
The willow weeping moan for me  
The boy sing me a little song  
My baby has caused my heart to bleed
