

# Find My Kind of Woman

Elmore James

I've got to find my kind of woman  
I've gotta find  
My kind of woman  
Lord, find my kind of woman, baby  
Way before the sun goes down

Sho' 'nuff

I'm tired of this huntin'  
And shoppin' around  
'Cause my kind of woman  
Is so hard to find  
I've got-ta find her  
My kind of woman  
I've gotta find you, baby  
Way before the sun goes down

Yeah, you hear me talkin', baby

Love me in the morning  
You've got-ta love me late at night  
You've got to be willing and able  
To love me just right

I've gotta find  
My kind of woman, baby  
Find my kind of woman  
Baby, 'fore the sun goes down

Look out

I've got to find her  
I've got to find her  
I've got to find  
(My kind of woman)

I've got to find  
Yeah  
Lord, find my kind of woman  
Way before the sun go down

I'm comin' at you, baby

Yeah, come on

Yeah, watch yourself, baby...  
Here I come...  
Look out!

Oh, yeah

I've got to find her  
I've got to find her  
I've got to find  
(My kind of woman)  
I've got to find  
Lord, find my kind of woman

Way before the sun goes down

This hittin' and missin'  
Is about to ruin my life  
I've got to find my kind of woman  
Or steal somebody's wife

I've got to find her  
My kind of woman  
Lord, find my kind of woman  
Way before the sun goes down

Aw, yeah
