

## Find My Kinda Woman

Elmore James

I've gotta find my kind of woman  
I've gotta find my kind of woman  
I've gotta find my kind of woman  
Way before the sun goes down

I'm tired of this huntin'  
And shoppin' around  
'Cause my kind of woman  
Is so hard to find

I've gotta find my kind of woman  
I've gotta find my kind of woman  
I've gotta find my kind of woman  
Way before the sun goes down

You've gotta love me in the morning  
You've gotta love me late at night  
You've got to be willing and able  
To love me just right

I've gotta find my kind of woman  
I've gotta find my kind of woman  
I've gotta find my kind of woman  
Way before the sun goes down

I've gotta find...  
I've gotta find my kind of woman  
Way before the sun goes down

This hittin' and missin'  
Is about to ruin my life  
I've got to find my kind of woman  
Or steal somebody's wife

I've got to find her  
I've got to find her  
I've gotta find my kind of woman  
Way before the sun goes down

I've got to find her  
I've gotta find my kind of woman  
Way before the sun goes down
