

Look On Yonder Wall

Elmore James

Look on yonder wall and hand me down my walkin' cane
Look on yonder wall and hand me down my walkin' cane
I got me another woman,
baby yon' come your man

Look on yonder wall and hand me down my walkin' cane
Look on yonder wall and hand me down my walkin' cane
I got me another woman and, uhh
baby, yon' come your man

You hurried up and went to the wall,
and you know it was tough, uhh
I don't know how many men you's killed,
but, I know you done killed enough for two
Look on yonder wall and hand me down my walkin' cane
I got me another woman,
now baby, yon' come your man
Ooh yeah

I love you baby, but you just can't treat me right,
spend all my money and walk the streets all night
But, look on yonder wall and hand me down my walkin' cane
I got me another woman, and baby, yon' come your man
