

I Need A Doctor

Elohim

What the hell is happening to me?
I've been having the most vivid dreams
The kind you can't decipher from reality
I just keep on goin' back to these dreams

I get manic then I crash, my highs and lows don't last
I need a week at least to clear my cache
I need to clean the sheets, I sweat out all my dreams
Do you have any advice for me?

I need someone to talk to
Do you have a doctor?
I need someone to talk to
Do you have a doctor?
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor

I watch murder documentaries
To make myself feel like I'm less of a freak
I go to sleep 'cause it's my only escape
I go to sleep 'cause I don't wanna be awake
I get manic then I crash, my highs and lows don't last
I need a week at least to clear my cache

I need someone to talk to
Do you have a doctor?
I need someone to talk to
Do you have a doctor?
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor

I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
I need a doctor, doctor, doctor
