Are you on the phone
Talking back to yourself?
Busy [?] telling you
You're nothing but a waste of time
Have you ever noticed
We are at the forefront
Of all our problems?
Reflection painted on
The walls we're trying to cover
But the paint is melting down

I'm babbling, I'm unravelling
I can't believe anything I tell myself
I'm babbling, I'm unravelling
Can anybody out there tell I need a little help?
Jammy Coco, Elohim
Jammy Coco, El-

We're all on the edge
Teetering with our luck
Seems like we all have something
We're too afraid to unlock
The beauty we reveal is
What makes us completely
One of a kind
If you don't believe me
Check your fingerprints
Science has revealed
We are all magically unique

I'm babbling, I'm unravelling
I can't believe anything I tell myself
I'm babbling, I'm unravelling
Can anybody out there tell I need a little help?
