

MIRRORS

Elohim

I sell you butterflies
Will you look into my eyes?
It could be five hundred times
Tell me what you see, tell me
Tell me what you see

I don't want to let this go
I don't want to take it slow
Better this way
Feelin' kinda crazy

Don't go chasin' someone else's dream
Someone else's dream
Look in the mirror, tell me what you see
Tell me, tell me what you see
Don't go chasin' someone else's dream
Someone else's dream
Look in the mirror, tell me what you see
Tell me, tell me what you see (Ay!)

Tell me what you see, tell me
Tell me what you see

Tell me what you see, tell me
Tell me what you see

Drugs wearing off, and I'm facing myself
A cast I heal, you're too much for me, help
Stop staring at me, can you back off for me please?
Stop complicating everything, you're scaring me

If I thought you knew me better
Kiss you to stop being clever
Wake up sitting covered
Got a thing for this sweater
Weather

Tell me what you see, tell me
Tell me what you see (Ay!)

Tell me what you see

Tell me what you see

Tell me what you see, tell me
Tell me what you see (Ay!)

Tell me what you see

Tell me what you see, tell me
Tell me what you see (Ay!)
