

Nothing Good Comes Easy

Elohim

You say you want me back but you already let me go
Saying things I never heard you say before
Suddenly you're ready to fall in love
How do I know you won't give up again

When the going gets tough
That's the part you gotta
Ride through
Fight through
Give your life to

When the going gets tough
That's the part you gotta
Ride through
Fight through
Give your life to

Nothing good comes easy
Fight for me the right way
So I know you're here to stay for me
No matter what today brings

Nothing good comes easy
Nothing good comes easy
Nothing good comes easy

The truth is the hardest pill to swallow
Your truth hit harder than you thought it would
When your heart fills your mind with perfection
It never ends up how you expected

If the going gets tough
That's the part you gotta
Ride through
Fight through
Give your life to

If the going gets tough
That's the part you gotta
Ride through
Fight through
Give your life to

Nothing good comes easy
Fight for me the right way
So I know you're here to stay for me
No matter what today brings

Nothing good comes easy
Nothing good comes easy
Nothing good comes easy
