

Daybreak

Eloy

Where I gain freedom
I don't wanna stay no more
Looking for a place to get a joint
Help me, help me, please, be so kind
Festival is nice and for her I cried
C'mon, c'mon, don't be so shy
Daybreak

Why I'd live in always
When I try to understand
I don't agree with all their faults
I did for the dawn it's arriving to hope [?]
And it's [?]
Feeling free and forgetting home
Daybreak

Where I gain freedom
I don't wanna stay no more
Looking for a place to get a joint
Help me, help me, please, be so kind
Festival is nice and for her I cried
C'mon, c'mon, don't be so shy
