

# E-Ticket

Elton John

Riding beside me silver light lightning  
Time quickly disappears

Born out of fireworks, still looking skyward  
As darkness reappears

You gotta figure it's an E-Ticket ride  
Why else stand in line?

We take a ride in our E-Ticket minds  
Tell me yours, I'll tell you mine, tell you mine  
E-Ticket ride

In between moments, questions and quotients  
Solved, yet still not clear

Looking for answers, we make up new dances  
Ain't that enough, if that's all there is?

You gotta figure it's an E-Ticket ride  
Yeah, why else stand in line?

We take a ride in our E-Ticket minds  
Tell me yours, I'll tell you mine, tell you mine  
E-Ticket ride

I've no need to pledge my faith  
To nothin' but time and tide  
And I can see the universe  
As the universe sees me

You gotta figure it's an E-Ticket ride  
Why else stand in line?

We take a ride in our E-Ticket minds  
Tell me yours, I'll tell you mine  
Oh, You gotta figure it's an E-Ticket ride  
Why else stand in line?

We take a ride in our E-Ticket minds  
Tell me yours, I'll tell you mine, tell you mine  
E-Ticket ride  
Oh, oh, oh  
E-Ticket ride  
Oh, oh, oh  
E-Ticket ride  
Oh yeah  
E-Ticket ride  
Oh yeah  
E-Ticket ride
