## I Just Can't Wait To Be King

Way behind the water hole A little down the line The jungle and the plains and peaks Are scheduled to be mine

I'm gonna be the ruler Of most everything around From the grandest of the mountains To the humble common ground My reign will be a super awesome thing Oh, I just can't wait to be king

I'm gonna be a noble king Unscrupulously fair I only need a little time Perhaps a little hair

I'm gonna be the mane event Like no king was before I'm brushing up on looking down I'm working on my roar The fauna and the flora gonna swing Oh, I just can't wait to be king

No one saying do this No one saying be there No one saying stop that No one saying see here Free to run around all day I'll be free to do it my way

The time has come as someone said To talk of many things This may be true But I would rather stick to talking kings

It's easy to be royal if you're already leonine It isn't just my right even my left will be divine The monarchy is waiting to go zing Oh I just can't wait to be king
