

# Never Too Late

Elton John

It's never too late to turn things around  
Recover, unravel the path to confound  
The doubters and losers that line up despair  
Will tell you it's over, you're going nowhere  
It's never too late, I hope  
It's never too late

It's never too late to get back on track  
To get at least some, if not all of it back  
I thought I was happy, and sometimes I was  
The sadness is just as important because  
Got to carry the weight and hope  
It's never too late

Never too late to fight the fight  
Never too late to keep the night  
Never too late to win the day  
Never too late to break away  
Time will start to move too fast, the time is now, my friends  
I'm a long way from the start, but further from the end  
Oh no, it's never too late

It's never too late to get up off the ground  
Don't have to be noticed, don't have to crowned  
I get what I done and I don't try to hide  
I lost many things, but never my pride  
It's never too late, I know  
It's never too late

Never too late to fight the fight  
Never too late to keep the night  
Never too late to win the day  
Never too late to break away  
Time will start to move too fast, the time is now, my friends  
I'm a long way from the start, but further from the end  
Oh no, it's never too late

I used to say I don't have time, I'm sleepin' tonight  
A day doin' nothin' is doin' it right  
No hurry, no hurry, take as long as it takes  
You might as well sleep for all the difference it makes  
I didn't find love or the peace or the breaks  
These aren't excuses, but a string of mistakes  
I won't go back there, not goin' back there

Never too late to fight the fight  
Never too late to keep the night  
Never too late to win the day  
Never too late to break away  
Never too late to fight the fight, babe  
Never too late to keep the night  
Never too late to win the day  
Never too late to break away  
Time will start to move too fast, the time is now, my friends  
I'm a long way from the start, but further from the end  
Oh no, it's never too late

It's never too late  
Oh, it's never too late  
It's never too late  
It's never too late
