

## On Dark Street

Elton John

I'm staring down a mile of disappearing track  
Is this the best that we could do  
I'm leaning through the rain but you ain't looking back  
What did I ever have to prove

`Cause it feels like electricity hitting an open field  
When am I ever gonna to learn  
Married life's two people trying to grab the wheel

Oh and we must have got lost  
Living on Dark Street  
Looking for an exit  
Sleeping on the concrete  
You can't see it with your eyes  
You can't find it with your feet  
All I know is that we're lost baby  
And we're living on Dark Street

All the layoffs and the pay cuts cripple me inside  
I pay the price for living everyday  
Trying to keep us all together along with a little pride  
What'll it take to make you stay

But I've dreamed about an island  
And all I got's a bucket of sand  
I'd give my eyes to give you all your dreams  
Now I get to see my family slipping through my hands
