

# Shoot Down The Moon

Elton John

Oh no I don't want it  
You can take it all  
I'll put my money where my mouth is  
Put your suitcase in the hall

Oh you robbed me blind  
Of what little hope remained  
You put a gun to my head  
A bullet through my brain

You can't shoot down the moon  
Some things never change  
We can build a bridge between us  
But the empty space remains

You can't shoot down the moon  
Some things never change  
We can build a bridge between us  
But the empty space remains

Just as long as you're around  
We live on borrowed time  
I'll put my money where my mouth is  
You're guilty at the scene of the crime

I never say more than I need  
The mystery runs deep  
The dangers buried below  
The secrets that you keep
