

Faith

Elusive

What have you done
Headed down to nightfall
Dirty rain on broken road
Never found any comfort

Hear me SOS

Well I'm a slave to this world
Got stuck in a blues
"Cry baby cry"
it's hard to learn the truth
You got nothing to win
But there's everything to lose

Hear me SOS

Give me faith
Give me, give me faith

What have you done
Headed down to nightfall
Dirty rain on broken road
So far, so far from home

Hear me SOS
