

## Fan On High

Elvie Shane

It was off the weather when we were together  
But I tried ridin' out the storm  
I was nothin' but a mess  
Couldn't get no rest  
Tryin' to turn a cold heart warm  
Burned through my money tryin' to treat you well  
Heaven knows honey you just gave me hell  
Thought I never measured up so I hid my pride  
These days I ain't got shit to hide

I sleep buck ass naked with the fan on high  
Cool as a pillow on the other side  
Naw, I ain't sweatin' how you said goodbye  
I sleep buck ass naked with the fan on high

I got Jerry Reed on the Crosley  
He's been keepin' me good company  
Yeah, you got a laugh, gave me the shaft  
But you can take that goldmine and kiss my ass  
Your leavin' ain't keepin' me up at night  
I sleep buck ass naked with the fan on high

Buck ass naked with the fan on high  
Cool as a pillow on the other side  
Naw, I ain't sweatin' how you said goodbye  
I sleep buck ass naked with the fan on high

If I said I missed ya, it'd be a lie  
This new girl's lovin' set the bed on fire  
Get done, roll one, spark a light  
And sleep buck ass naked with the fan on high

Buck ass naked with the fan on high  
Cool as a pillow on the other side  
Naw, I ain't sweatin' how you said goodbye  
I sleep buck ass naked with the fan on high  
Buck ass naked with the fan on high  
Buck ass naked with the fan on high  
Yeah I get a little lovin' most every night  
And sleep buck ass naked, buck ass naked  
Buck ass naked with the fan on high
