

# Help Me

Elvin Bishop

Help me, darling, I can't do it by myself  
Help me, darling, I can't do it by myself (Not a chance)  
Love me mama and I'll have to find somebody else

I might wash; I might have to sew  
I might cook; I might mop your floor  
But baby, I can't do it by myself  
Love me darling, I'll have to use somebody else

Now when I walk, I want you to walk with me  
When I talk, I need you to talk with me  
Oh baby, I can't do it by myself  
Love me, darling, and I'll find somebody else

Bring me my nightshirt, baby, put on your morning gown  
Bring me my nightshirt, baby, put on your morning gown  
Well, I don't feel like sleeping, I just feel like lyin' down (  
Come here, baby)

See me comin', mama, run get your rocking chair  
See me comin', mama, run get your rocking chair  
Well, I ain't no stranger, ain't my first time here

Need you to roll me, mama, like you roll your wagon wheel  
Want you to roll me, mama, like you roll your wagon wheel  
When you roll me, mama, oh how good it makes me feel (All night  
long)
