

What The Hell?

Elvin Bishop

Look at the shape, the shape the nation's in
This situation is a shame and a sin
I want to know, how could a good thing go so wrong?
Tell me, what the hell is going on?

Sometimes I don't know whether to cry or laugh
Half the people in this country can't stand the other half
I want to know, why can't we halfway get along?
People, people, what the hell is going on?

He is the president but wants to be the king
Know what I like about the guy? Not a goddamn thing
I want to know, how can four years seem so long?
Lord have mercy, what the hell is going on?
