

## Romeo's Seance

Elvis Costello

Is anyone there I can talk to?  
Give us a sign if you're with me  
Can't you see that I'm dying to hear you  
Everyone else has lost interest  
And I'm all alone in this dream house  
Though you're gone  
I don't feel like crying  
Romeo is calling you

Knock once or twice if you're out there  
Send me a message my sweetheart  
When I'm out and about I'll be coming to see you

It isn't easy to live with this matronly face  
at the window  
Try to contact me, if you can see how I'm suffering  
Romeo is calling you

Scatter the paper and thimbles  
You can take care of the candles  
An unplugged radio plays. She is close now  
Me and my hand-holding baby walking the floor and the  
ceiling  
THIS IS the song SHE dictated this evening.  
Romeo is calling you
