

Jane Again

Elvis Depressedly

Jane they hated on me
I set myself free
I set myself free
I set myself
Jane they do not know me
I set myself free
I set myself free
I set myself

Jane they hated on me
I set myself free
I set myself free
I set myself
Jane they do not know me
I set myself free
I set myself free
I set myself

Fuck all the money it took to get free
Free of the lies I let myself believe
I wasn't a person
I wasn't me

Fuck all those demons you sent my way
I'm waking up this is a different day and

Jane they hated on me
I set myself free
I set myself free
I set myself
Jane they do not know me
I set myself free
I set myself free
I set myself

Jane they hated on me
I set myself free
I set myself free
I set myself
Jane they do not know me
I set myself free
I set myself free
I set myself

Fuck all the time that you took from my life
Fuck all the bullshit
Fuck all the lies
I will not be controlled I believe my soul
You had your chance and you couldn't kill me
In spite of the lies that you told

Jane they hated on me
I set myself free
I set myself free
I set myself
Jane they do not know me
I set myself free

I set myself free
I set myself

Jane they hated on me
I set myself free
I set myself free
I set myself
Jane they do not know me
I set myself free
I set myself free
I set myself
