

Mickey's Dead

Elvis Depressedly

I ain't seen my mother since I can't remember when
I don't know when I'll see her again
I ain't seen my mother since I can't remember when
I don't know when I'll see her again

I ain't loved my father since I can't remember when
I don't know if I'll ever love him
And I ain't loved my father since I can't remember when
I don't know if I'll ever love him
