

## Road Side Memorial (Repeat)

Elvis Depressedly

Drying blood between my teeth  
Soul on fire fever speaks  
Hotter water endless thoughts  
Getting sick and weak and getting off  
All these so called friends  
Who sell me out  
To meet their ends  
You're pathetic, judge yourself  
I don't want or need your fucking help

Dying as the summer leaks  
Drown myself in the kitchen sink  
I can't sleep 'cause the shakes won't quit  
A self portrait painted in vomit  
Burn my wrists with cigarettes  
Wash the blood out of my dress  
Feeling cheap feeling dull  
Burn a road side memorial
