

Sober No More

Elvis Depressedly

I ain't lived right a day in my life
Always starting over again
I never say no when the devil's at my door
Praise the lord I'm sober no more

Sober no more I'm on the mend
I may never be right again
The whirlwind of life came and fucked up my mind
Praise the lord I'm sober no more

Living in the past is a one way track
To having only one friend
It goes by a name changing it day to day
From whiskey, to vodka, to gin

Sober no more I'm on the mend
I may never be right again
The whirlwind of life came and fucked up my mind
Praise the lord I'm sober no more
Praise the lord I'm sober no more
Praise the lord I'm sober no more
Praise the lord I'm sober no more
