

# How Would You Like to Be

Elvis Presley

How would you like to be?  
A little circus clown  
And you could wear a smile  
Instead of a frown

How would you like to be?  
A little kangaroo  
A-hoppin' up and down  
And I could hop with you

Come on and smile a little, smile a little  
hop a little, hop a little,  
Smile a little, hop a little bit with me

Come on and smile a little, smile a little  
hop a little, hop a little,  
Smile a little, hop a little bit with me

How would you like to be?  
A little buzzing bee  
And instead of a tree  
You could buzz around me

How would you like to be?  
A little mocking bird  
And you can sing me songs  
Like I never heard

Come on and buzz a little, buzz a little  
Sing a little, sing a little  
Buzz a little, sing a little bit with me

Buzz, buzz, buzz a little  
Do re mi a little  
Buzz a little, sing a little bit with me

How would you like to be?  
A little baby bear  
And you can hug me tight  
Any time you care

How would you like to be?  
A little dancing doll  
And you could dance with me  
Everytime I call
