

Kiss Me Quick

Elvis Presley

B **F7**
1. Kiss me quick, while we still have this feeling

B
Hold me close and never let me go

B7
'Cause tomorrows can be so uncertain

ES **Esmi**
Love can fly and leave just hurting

B **F7** **B**
Kiss me quick because I love you so

2. Kiss me quick and make my heart go crazy
Sigh that sigh and whisper oh so low
Tell me that tonight will last forever
Say that you will leave me never
Kiss me quick because I love you so

F7 **B**
R: Let the band keep playing while we are swaying

F7 **B**
Let's keep on praying that we'll never stop

3. Kiss me quick just can't stand this waiting
'Cause your lips are lips I long to know
Oh that kiss will open heaven's door
And we'll stay there forevermore
Kiss me quick because I love you so
