

Bambi Legs

Elyar Fox

Bambi Legs, you rock the stilettos
Talking with your eyes, you don't need no words
Clutch half-popped seen bills in the leather
Now I think I know why your feet don't hurt
Look so good, I love the illusion
I don't gotta know where you sleep at night
Bambi legs, they don't want no peace for ya
They want a piece of ya, oh yeah

Are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?

It's dark in paradise
We hang out at night
Weed brings out the stars
Molly took off your bra
And I guess I was too late
All these nights spent running from the pain, yeah
When you rid me like a wave
So close and so far away

Bambi Legs, you rock the stilettos
Talking with your eyes, you don't need no words
Clutch half-popped seen bills in the leather
Now I think I know why your feet don't hurt
Look so good, I love the illusion
I don't gotta know where you sleep at night
Bambi legs, they don't want no peace for ya
They want a piece of ya, oh yeah

Are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
Yeah baby, are ya feelin alright? Feelin alright?
