

## GREEN APPLE PASTE

ElyOtto

(Hello, I'm ElyOtto, Welcome to my page)

Things are fucking crazy  
Can't believe the head rush  
Could prolly use some medicine  
Lookin like a dead guy  
Everybody's talking now  
You know that I'm them fed up  
I'ma hit the pavement  
Like a cigarette butt

Things are fucking crazy  
Can't believe the pressure  
I'ma need to step out  
Fold under the pressure  
Don't know where I'm going  
Guess I'll tell you when I get there  
Don't know where I'm going  
Guess I'll tell you when I get there

Things are fucking crazy  
Hi, can you shut your mouth  
Full of fucking lies  
The crazy drugs

Things are fucking crazy  
Can't believe the head rush  
Could prolly use some medicine  
Lookin like a dead guy  
Everybody's talking now  
You know that I'm them fed up  
I'ma hit the pavement  
Like a cigarette butt

Things are fucking crazy  
Can't believe the pressure  
I'ma need to step out  
Fold under the pressure  
Don't know where I'm going  
Guess I'll tell you when I get there  
Don't know where I'm going  
Guess I'll tell you when I get there
