Why does it hurt to see my own reflection?  
I don't wanna be alone right now, can I crash on your couch?  
They say to agree, is to love without direction  
Everything's already gone to shit, tonight let's just rock out

How it feels like no one ever listens  
Guess I'm in the dark  
Knowing that I should be [?]  
[?] deeper than I'm used to  
Looking in the corner, fucking with my Bluetooth  
All the wheels are hot to the touch like they're on fire  
Everyone says that something's wrong but it's all fine  
Please don't let me be a burden  
I don't want to hurt you  
Get it while you still can

Why does it hurt to see my own reflection

How it feels like no one ever listens  
[?] psychiatry, spiritual sickness  
Longer, life without a structure  
Stupid motherfucker  
Don't pretend you lost her  
Swallowing [?] since the home of technology  
Fake enough to sleep through the pain of biology  
Lockers, lock me in the basement  
Tie me up in chains yeah  
I was there for days man

Why does it hurt to see my own reflection
