Dr0swi on the beat

I can't take it serious, I'm just a jokester (Ay!)
Everyone says that I smell like a toker
Go beat on my dick, cus I'm wooden like a toaster
I'm no closer, can't stay sober (Woo!)
Used to wear a wig with a thong and a choker
I emit heat cus I'm lit like a stoner
I don't like Green Day, I'm not a poser (I'm not a poser!)
Hiding in a hole like my middle name was Gopher

I crave [?] escalation
I crave in completed concentration
Still craving sleeping past the station
Gold intoxication, miscommunication

I can't bare the stench, yeah, I cannot stand the odor
Kiss her on the lips, so you know that I chose her (whaa?)
Not a [?] I'm a fucking bulldozer (bulldozer!)
Trips so hard that there's damage leftover
I be giving rides on my dick like a chauffeur
Imma still hit it, if she look like an ogre
If she got a dick then you know I'm gonna blow her
Gonna get approved for a mortgage, it's over

I crave [?] escalation
I crave in completed concentration
Still craving sleeping past the station
Gold intoxication, miscommunication
