

## Drive By Lovers

Em Beihold

Saw you in your car  
You were turning hard  
Looking at me  
Looking at you  
Swear I felt you babe  
In the turning lane  
Looking at me  
Looking at you

I don't how to pretend  
Oh well  
Behind this glass  
I can show myself  
I'm not afraid to be honest with you  
Just let me hide  
Inside my Subaru

Drive by lovers  
Fade into view  
I'm gonna find another you  
Drive by side eye  
I've seen a few  
I'm gonna find another you

Should I say hi?  
Should I be nice?  
Well it's over  
Before I could get to choose  
It was lovely  
While it lasted  
It was plastic  
Just like expensive news

I don't know how to pretend  
Oh well  
Behind this glass  
I can show myself  
I'm not afraid to be honest with you  
Just let me hide  
Inside my Subaru

Drive by lovers  
Fade into view  
I'm gonna find another you  
Drive by side eye  
I've seen a few  
I'm gonna find another you
