

# Breathalyzer

EMA

He wanted me  
To blow the breathalyzer  
Out on his truck  
'cuz he was going somewhere

Out in the dark parking lot of apartments  
Did what he want  
But I can blow clear either

Down by the malls  
Big lights and the big boxes  
Got lots of space  
It match my blank through process

(I can make you feel small)

I feel so hot and I feel so heavy  
I'm in the backseat of the camry

Baby

Down by the park  
I thought that I was ready  
But when we start  
He wasn't walking steady

I feel so hot and I feel so heavy  
I'm in the backseat of the camry
