

# Hell of It

Emarosa

I gave you fire  
And you walked through it  
Took up your armor  
And I cut through it

It's all on my mind, so many times  
We could be better  
And there's no reason why, so many times  
You could be better  
And oh, I know, we tried  
I love the way you cried  
And I, I realized

I did it for the hell of it  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it, yeah  
I did it for the hell of it, hell of it (Oh)

I gave you power  
But it's just no use to you  
Oh, and you're my favorite coward  
And it gets to you, to you

It's all on my mind, so many times  
We could be better  
And there's no reason why, so many times  
You could be better  
And oh, I know, we tried  
I love the way you cried  
And I, I realized

I did it for the hell of it  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it, yeah  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it, yeah  
I did it for the hell of it, hell of it (Oh)  
We've become

What we've become  
What we've become  
What we've become  
(It's all on my mind)  
What we've become  
What we've become  
(So many times)  
What we've become  
What we've become  
(It's all on my mind)  
What we've become  
What we've become  
(There's no reason why)  
What we've become  
What we've become

I did it for the hell of it  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it, yeah  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it  
I did it for the hell of it, hell of it (Oh)  
I did it for the hell of it, yeah  
I did it for the hell of it, hell of it (Oh)
