

# Just For One Day

Emblem3

I wanna wake up on the beach  
Wake up with you by my side  
We could spend the am, blankets tight,  
You just tell me where, and I can take you there  
We're straight broke living like billionaires

On the beach, wake up make away the stars  
Wanna watch the water trickle down your arms  
You just tell me where, and I can take you there  
With the top down, hands up, wind in your hair

Like, oh, you're my Lucy in the sky  
Ooh  
And there's diamonds in your eyes

We, we could be one love  
We could be one light  
Just for one day

We, we could be one heart  
We only got one life  
So let's get away  
Just for one day  
Ooh  
Just for one day

Yeah

And baby, this could be a dream  
The kind to make you smile all night  
And I'm the kind of guy to make the dream real life  
So tell me where you are  
You know I'll send a car  
A jet set from your house straight to the stars

Like a dream  
Colors of the best sunset  
Yeah, color California cause the coast is west  
So tell me where you at, in 20 seconds flat  
We'll be top down, hands up, never look back

Like, oh, you're my Lucy in the sky  
Oh  
And there's diamonds in your eyes

We, we could be one love  
We could be one light  
Just for one day

We, we could be one heart  
We only got one life  
So let's get away  
Just for one day -aaaaaaaay  
Just for one day -aaaaaaaay

Just for one day with you we'll be underneath the stars  
Baby, drinkin' champagne, eatin' caviar

One day with you in the deep blue sea  
Cause it's me and you, yeah it's you and me

We, we could be one love  
We could be one light  
Just for one day

We, we could be one love  
We could be one light  
Just for one day  
(Hands up if you're down with the three)  
(I said for one day, baby)

We, we could be one heart  
We only got one life  
So let's get away  
(Hands up, Hands up yeah)  
Just for one day

We, we could be one love  
We could be one light  
Just for one day  
Just for one day

(One day with you we'll be underneath the stars  
Baby, drinkin' champagne, eatin' caviar  
One day with you in the deep blue sea  
Cause it's me and you, yeah it's you and me)

We, we could be one heart  
We only got one life  
So let's get away  
Just for one day
