## Emblem3

Oooo feel like I'm flyin'  
Cause you won't give up on me  
Oooo even if I'm dyin' or layin' face down on the street  
On my way to reach Nirvana  
And I'm only 23  
Oooo feel like I'm flyin'  
Cause you won't give up  
No you won't give up on me

Smoke comin out while the windows comin down  
In the phantom, leaned back with the shades on  
Been a long way since the days back when  
We were stealin' 40oz trynna drink our way to heaven

Now I bought my mom a house in the clouds  
Label called said the shows all sold out  
And I'm homeward bound with the baddest bitch around  
And she gone' ride till we underground  
Swear I wanna live the rest of my life  
Flyin' high like I'm never gonna die

Oooo feel like I'm flyin'  
Cause you won't give up on me  
Oooo even if I'm dyin' or layin' face down on the street  
On my way to reach Nirvana  
And I'm only 23  
Oooo feel like I'm flyin'  
Cause you won't give up  
No you won't give up on me

Been lover, been a sinner too  
But I swear I was saved when I finally found you I  
Rode my bike down beach avenue you were toes in the sand staring at the big blue  
And we roll, 220 on the road, blow the roof off the rolls, hit the switch and down it goes  
And the man so cold, got the highest bidders and the baddest players  
all ready to fold  
When the Devil show up at my door  
I'll be lookin at him down the barrel of my loaded 44

Oooo feel like I'm flyin'  
Cause you won't give up on me  
Oooo even if I'm dyin' or layin' face down on the street  
On my way to reach Nirvana  
And I'm only 23  
Oooo feel like I'm flyin'  
Cause you won't give up  
No you won't give up  
No you won't give up on me
