

# Anywhere You Go

Embrace

I don't need tomorrow and I'll wait right here  
There is one thing I know when you're standing close to me.  
May the world stop turning, let the walls come down.

I will be your hero standing the test of time.

Together we can make it, love was made for two.  
If tomorrow comes I'll be right there cause I believe in you, yeah!

Anywhere you go, I will follow you  
Through the darkest night  
Till we'll see the light  
Anywhere you go, I won't let you go, no, no.

Anywhere you go, I will follow you  
Through the darkest night  
Till we'll see the light  
Anywhere you go, I won't let you go, no, no.

Anywhere you go, I will follow you  
Through the darkest night  
Till we'll see the light  
Anywhere you go, I won't let you go, no, no.

Together we can make it  
I will follow you  
Can't you see the light?

Sailing stormy waters through the pouring rain  
But I know I'm ready to bring the ship in to the shore.  
There are strange days baby, in a world of storm  
As long as you are with me it's gonna be alright (gonna be alright)

Together we can make it (we can make it), love was made for two.  
If tomorrow comes I'll be right there cause I believe in you!

Anywhere you go, I will follow you  
Through the darkest night  
Till we'll see the light  
Anywhere you go, I won't let you go, no no.

Anywhere you go, I will follow you  
Through the darkest night  
Till we'll see the light  
Anywhere you go, I won't let you go, no no

Together we can make it  
I will follow you  
Can't you see the light?
