

Caught In A Rush

Embrace

There goes my girl, she's drunk
Hold up your head, you make mistakes like any others do
But my mind won't mend or bend the rules
Until you've seen my girl stone drunk
Don't open your eyes and say you've seen it, anyone

I said, "Hey, I was caught, I was caught, I was in the rush
Such a surprise to see you following anyone"
I said, "Hey, I was caught, I was caught, I was in the rush
Such a surprise to see you following anyone else
You love yourself, yeah"

A fool I've always been
My mind won't turn or make it win
Until you've seen my girl stone drunk
Don't open your eyes and say you've seen it, anyone

I said, "Hey, I was caught, I was caught, I was in the rush
Such a surprise to see you following anyone"
I said, "Hey, I was caught, I was caught, I was in the rush
Such a surprise to see you following anyone else
You love yourself, yeah, yeah, yeah, yeah"

I said, "Hey, I was caught, I was caught, I was in the rush
Such a surprise to see you following anyone"
I said, "Hey, I was caught, I was caught, I was in the rush
Such a surprise to see you following anyone else
You love yourself, yeah, yeah, yeah, yeah, yeah"
