

For Kate

Embrace

The star of my life story built a home
A spotlight shining for me all alone
But there was nothing there for me until you
I loved so hard the earth would shake under you

As simple as your tiny hand in mine
A million miles of freedom in your sights
The light of other stars looks fake next to you
And I know that I'm ready now

What if I say all the magic words
That I kept safe for you
What if I made us a firework
To take us to the moon
What if I lay you a golden path
Ride on my back, I'll make you laugh
There's nothing I wouldn't do for you Kate

What if I say all the magic words
That I kept safe for you
What if I made us a firework
To take us to the moon
What if I lay you a golden path
Ride on my back, I'll make you laugh
There's nothing I wouldn't do for you Kate
