

Ferris Bueller

Emei

Wish I could be someone like Ferris Bueller
Sing on top of huge parades and do whatever
Instead I'm sending emails for like fifteen hours
I gotta take off
I need a day off

I spent five hours on a grammar tree
They said it's important but I disagree
Why analyse every word we say when we could talk out loud and it's on display
My mom said I gotta get a degree
I'm holdin' on like an autumn leave
Four weeks left but I'd rather leave right here right now let's keep it brief

Wish I could be someone like Ferris Bueller
Sing on top of huge parades and do whatever
Instead I'm sending emails for like fifteen hours
I gotta take off
I need a day off

Could skip class hypothetically
Someone tell me how to be so carefree
Can't miss a day
Think I signed away everything I own, got a legal case
I've been loosing teeth
I can barely breathe
Livin' on repeat
Let me, let me, let me free

Wish I could be someone like Ferris Bueller
Sing on top of huge parades and do whatever
Instead I'm sending emails for like fifteen hours
I gotta take off
I need a day off

Wish I could be someone like Ferris Bueller
Sing on top of huge parades and do whatever
'Stead I'm sending emails for like fifteen hours
I gotta take off
I need a day off
