

# Regrets

Emei

Shouldn't have gone to college  
Should've been born a millionaire  
Could've been writing songs  
Instead of learning how to share  
If I moved to LA sooner  
Or had longer blonder hair  
Maybe I wouldn't be scared  
(Maybe I wouldn't be scared)

La la la la la la  
Lying in bed  
Counting regrets  
Like one, two  
La la la la la la  
Lying in bed  
Counting regrets  
Like one, two, three, four

Shouldn't have talked about the wrong people  
Should've spent time with parents, they get old  
Should've spent money on eating natural  
Should've known that my ex was an asshole  
Could've cared more but I should've cared less  
Wouldn't have wasted time being upset  
Wouldn't treat everyone like a project

La la la la la la  
Lying in bed  
Counting regrets  
Like one, two  
La la la la la la  
Lying in bed  
Counting regrets

The ones I said goodbye to  
The ones I gave my time to  
The way I never listened  
The way I should've tried to  
Ones I tried controlling  
The ones who left me hopeless  
The way that I'm afraid  
I've made it all a game

La la la la la la  
Lying in bed  
Counting regrets  
Like one, two  
La la la la la la  
Lying in bed  
Counting regrets
