

## THE PART

Emei

She's good on paper  
Two-dimensional  
Smooth at the edges  
Almost fictional

Pins and needles  
Tear me apart  
Pins and needles  
Breaking my heart  
Ah, pins and needles  
Where do I start?  
Ah-ah ah-ah

You could go hard  
You could be famous  
You could be God  
Up in the matrix  
Time to play the part  
The part, the part  
I know what they're saying  
You're only young once  
Honey, don't waste it  
Give 'em what they want  
You could be the greatest  
Time to play the part  
The part, the part  
You could be the greatest

Water her down 'til she's digestible  
A punching bag up on a pedestal

Pins and needles  
Tear me apart  
Pins and needles  
Breaking my heart  
Ah, pins and needles  
Where do I start?  
Ah-ah ah-ah

You could go hard  
You could be famous  
You could be God  
Up in the matrix  
Time to play the part  
The part, the part  
I know what they're saying  
You're only young once  
Honey, don't waste it  
Give 'em what they want  
You could be the greatest  
Time to play the part  
The part, the part  
You could be the greatest
