

10,000 Enemies

Emeli Sandé

10,000 enemies wait at my door
I wait for freedom soon, can't take much more
I feel the whole Earth shake (I feel the whole Earth shake)
Brought to my knees (Brought to my knees)
Although 10,000 strong, I shall be free (Although 10,000 strong
, I shall be free)
I shall be free (I shall be free)
I shall be free (I shall be free)

I hear the sweetest sound (I shall be free)
Blowing from the north (I shall be free)
It's says, "Don't panic now" (I shall be free)
What's mine is yours (I shall be free)
I hope 10,000 times (I shall be free)
You tell me the truth (I shall be free)
'Cause now there's much to do (I shall be free)
I trust in you (I trust in you)
I shall be free (I shall be free)
I shall be free (I shall be free)
I shall be free (I shall be free)
I shall be free (I shall be free)
I shall be free (I shall be free)
We shall be free (We shall be free)

To be free as the sparrow
Come join me, come join me
Come by all
All the dreams I've been dreaming
Of my sweet, sweet march to freedom
Oh, freedom, freedom
So shall it will be, so shall it will be
Oh, freedom, freedom
Oh, freedom, freedom
