September 8th

Emeli Sandé

'Cause when I look in your eyes
It feels like I've just seen heaven for the very first time
Yes, you're my paradise
And even if it's only for tonight

Hold me
Wrap your arms around me
Don't let go of me
You're so sweet
Feels as if you've always, always known me
So deep
Everything about you, babe, I can't speak
Can't breathe
