

# Carry On

Emerald Sun

Sacred ties forever  
We will stand together  
In our mighty wall of sound  
Into raging thunder  
People stare and wonder  
How this wheel's spinning around

Some will try to bring us down  
But we conquer every town

Carry on - fight!  
Strong we stay  
Hold our flag high on our way  
Carry on - fight!  
'Til the battle's won

We'll change the situation  
We'll make our declaration  
The strong at heart will never crawl  
An outcry to every land  
The day has come to take command  
Let the final curtain fall

Some will try to bring us down  
But we conquer every town

Carry on - fight!  
Strong we stay  
Hold our flag high on our way  
Carry on - fight!  
'Til the battle's won

"We are one  
An impregnable fortress  
An indestructible alliance  
We never give in  
A union eternal  
....carry on"

Carry on - fight!  
Strong we stay  
Hold our flag high on our way  
Carry on - fight!  
'Til the battle's won
