

# Escape From Twilight

Emerald Sun

Thousands and thousands  
Of moments will pass  
And your life will come to an end  
You'll be wondering  
How many things you have lost  
So stand up and live on again

See your life from another point of view  
Walk on with your head up high  
Don't you think what you're giving  
But what you can get  
And reach for the glory of life

For once in your life make some noise  
Do something, try, help yourself to survive  
For once in your life raise your voice

I am alive

Escape from twilight  
Escape...rise from the ashes  
Of your burning soul  
Escape from twilight  
For once in your life try to escape

Live for the moment  
Don't you waste your time  
And don't say that nothing's for free  
Life is full of surprises  
You'll see what I mean  
Open your wings in the sky

For once in your life make some noise...  
Do something, try to escape to survive  
For once in your life raise your voice

I am alive

Escape from twilight  
Escape from twilight  
Rise from the ashes  
Of your burning soul  
Escape from twilight  
For once in your life try to escape  
Escape

...Twilight...  
...Twilight...  
...Twilight...

Life...  
Marches on...  
The years will fly...  
Don't waste your time...  
Live before it's too late...

Escape from twilight

Escape...  
Rise from the ashes of your burning soul  
Escape from twilight

For once in your life try to escape  
...Escape
