

Hellbound

Emerald Sun

Princess of pain
The devil's voodoo queen
She is the perfect love machine
Her eyes ablazed
Inflamed with death's desire
An animal that can't be tamed

Vampire fangs behind her lips
A pleasure's pain and
Her heat runs right
Through your veins

Hellbound....hellhound
The will is strong
The flesh too weak
Hellbound....hellhound
This lady is unique

Lips on your neck
The smoothest bite you feel
At her altar of sin you kneel
She drinks your blood
You're riding hade's rails
You won't resist
Cause lust prevails

She nails your ass
On to the sheets
And when she's done
She leaves you dying in the sun

Hellbound....hellhound
The will is strong
The flesh too weak
Hellbound....hellhound
This lady is unique
Hellbound....hellhound
Dinner's at eight but
She can't wait
Hellbound....hellhound
Obsessed by sainted hate

An ecstasy you've never been

Lucifer's hand of sin
