

## Kill or Be Killed

**Emerald Sun**

Under the curse of silence  
Under the spell of violence  
Under the ruins of our dreams  
Under insatiable regimes

It's all said and done  
It's us on the run  
Under the midnight sun

Faith is our name - they crash we rebuild  
Stand your ground - it's kill or be killed  
Eternal flame - still not fulfilled  
No regrets - it's kill or be killed

Without a hand in sadness  
Without a light in blackness  
Without a goal in vastness  
Without a cure in madness

It's all said and done  
It's us on the run  
Under the midnight sun

Faith is our name - they crash we rebuild  
Stand your ground - it's kill or be killed  
Eternal flame - still not fulfilled  
No regrets - it's kill or be killed
