

## Land of Light

Emerald Sun

Born of the rocks of this holy ground  
For thousands of years providing  
Philosophy and democracy  
Revealed for the whole world to see

We're children of Mount Olympus  
Children of gods with a vision  
Ancient warriors showed us the way  
How to treat those who lead us astray

Hellas, the land of light  
Land of utopia  
Home of antique free spirits and hyperopia  
Hellas, the land of light  
That knows no phobia  
Land of heroes from Sparta and Macedonia

His queen said to king Leonidas  
„Come back with your shield or on it"  
The battle is always to the last breath  
Fight for dignity or wait for death

We are children of Mount Olympus  
Of king Alexander the Great  
„There's nothing impossible to him who will try"  
Mark his words - raise your fist to the sky
